AGI – ABOUT US

| | |
|--------------------|----|
| Contact info | 42 |
| Company Info | 44 |

Since the start, back in 1969, **AGI Media AB** has been the Nordic go-to news and knowledge source for the sign, print and packaging community. Over the years, our coverage has grown. Our exhibitions cover all Scandinavia and our magazines and newsletters now also includes special sites on the packaging industry, the food industry, additive manufacturing and Scandinavian graphic design.

From the onset, our mission has always been to cover the latest and most relevant news for the growing number of readers.

At the same time, AGI has been the preferred channel to reach decision makers and professionals in the industry. Our vision is to be a natural meeting point for the companies we cater for – from producers to suppliers.

PACKINDX - for the right business

Uncertainty about the underlying cost trend creates uncertainty in pricing for the purchase and sale of packaging. It also means that the deal doesn't always go to the most appropriate party and misunderstandings arise. If we try to set fixed prices, it is more difficult to build long-term partnerships and this can negatively affect the business relationship.

With PackIndx, we offer buyers and sellers of packaging an easy way to keep track of underlying cost changes in the market. This allows us to create better conditions for a sustainable and long-term business.

PackIndx is produced
in partnership with
Zimply Index
